EFFECTIVE SEPTEMBER 16, 2026 — RATES VALID THROUGH DECEMBER 31, 2027

Certified Welding Inspection Rate Sheet

AWS CWI No. 20123101 | NAICS 541380 | SAM.gov registered | W-9 and certificates of insurance available on request

Codes & standards: AWS D1.1, AWS D1.4, ASME Section IX, API 1104, AISC 360; IBC Chapter 17 special-inspection support where accepted by the authority having jurisdiction.

SERVICE	***DESCRIPTION***	***RATE***
CWI Inspection Services	Field, shop, structural, piping, pipeline, fabrication, repair, and welding QA/QC inspection services. Eight-hour minimum per scheduled service day ($760 minimum).	$95 / hour
Welder Qualification Testing	Scope-based qualification testing. Listed rate is an average; discounted per-test pricing available for multiple welders.	Avg. $600 / test
School / Vo-Tech Group Rate	Student qualification testing performed as a scheduled group through a welding school or vocational program.	$100 / student

Inspection Services May Include

- Pre-weld document, WPS, PQR, and welder-record review	- Fit-up, joint preparation, material, and consumable verification
- In-process monitoring, preheat/interpass checks, and final visual inspection	- Structural steel, miscellaneous metals, pipe, pipeline, and industrial welding support
- Repair/rework verification, daily reports, weld logs, punch lists, and test records	- Fabrication-shop surveillance, field inspection, shutdown, and supplemental CWI coverage

Rate Conditions

- The eight-hour minimum applies to each scheduled CWI service day.

- Welder qualification pricing depends on the scope. The average single-test rate is $600, with discounted per-test rates available when multiple welders are tested. A passing result is not guaranteed.

- A5 can provide a suitable testing facility when needed. The client provides the approved procedure, test coupons, materials, consumables, welding equipment, mechanical testing, NDE, and laboratory services unless A5 is asked to provide or coordinate them for additional cost.

- Travel, mileage, lodging, per diem, and special access costs are additional when applicable and approved in advance.

- Project-specific scope, schedule, location, payment terms, and deliverables are confirmed before mobilization.
